MID-AMERICA

COLLEGE
OF FUNERAL SERVICE
The Wilbert Group

Successor to
Indiana College of Mortuary Science
and
Kentucky School of Mortuary Science

A non-profit institution dedicated to education and research for the funeral profession.

This institution is authorized by:
Indiana Board for Proprietary Education
101 West Ohio Street, Suite 670
Indianapolis, IN 46204-1984

Accreditation Statement

Mid-America College of Funeral Service and the Funeral Service and Mortuary Science degree programs are accredited by the American Board of Funeral Service Education (ABFSE), 992 Mantua Pike, Suite 108, Woodbury Heights, NJ 08097 (816) 233-3747. Web: www.abfse.org.

The degrees offered are the Associate of Applied Science in Funeral Service and the Bachelor of Mortuary Science.

The ABFSE is an agency recognized by the United States Department of Education.

Non-discrimination Statement

In accordance with Title VI of the Civil Rights Act of 1964 (P. L. 88-32) we accept student without regard to race, color, sex, national origin, age, disability, marital status, or veterans status.

PIERCE COLLEGES

The *Wilbert* Group

Pierce Mortuary Colleges promote excellence in the 21st century practice of mortuary arts and sciences. When you enter a Pierce Mortuary College classroom, you are enrolled with other like-minded students seeking an education in funeral service.

Pierce Mortuary Colleges have a rich history in tradition, and our success can be measured by the number of outstanding funeral directors who are alumni. Students are taught by professionals who have worked in funeral service and have the opportunity to learn to embalm under professionals with many years of experience.

The ASSOCIATE OF APPLIED SCIENCE DEGREE, BACHELOR OF SCIENCE DEGREE, OR CERTIFICATE IN FUNERAL DIRECTING programs will equip you with superior, hands-on training that will help you stand out in the job market—and in the mortuary science profession. In addition to standard courses required for licensure as a funeral director and embalmer, your program path will also provide you with two valuable certifications: **Cremation Arranger Certification** and the **Crematory Operator Certification**.

Most important, as a graduate from a Pierce Mortuary College, you will have studied under funeral professionals who not only teach theory and principles, but also impart their practical perspective that will better prepare you for the real world.

DISCOVER

YOUR FUTURE IS NOW

DISCOVER IT TODAY

Choosing a Pierce Mortuary College is a smart first step toward a respected, meaningful career. At Pierce, our sole purpose for almost 70 years, has been educating men and women for a rewarding future in the funeral service profession.

That's right. Funeral service is a **PROFESSION**. Just like other practitioners in the fields of medicine, finance and law, when you graduate from our program you will be stepping into a high calling. You will be embarking on an exciting, purpose-driven journey of discovery and service.

YOUR TRUE CALLING

PROGRAMS OF STUDY

The programs of study offered at Mid-America College of Funeral Service are designed to give students job-ready skills that will allow them to enter the workforce upon completion.

The **Associate of Applied Science Degree**

curriculum is a blend of theoretical and practical fundamentals of funeral service as well as selected courses in the liberal arts. The program is offered in academic quarters with each quarter consisting of eleven weeks of study. This program can be completed in eighteen months with no transfer credits or possibly as little as one year with the appropriate credits to transfer. Students who complete an Associate of Applied Science degree may simply transfer into the Bachelor of Science in Funeral Service Degree program at Mid-America College or they also have options to transfer to select colleges and universities to pursue a Bachelor's degree.

The **Bachelor of Science in Funeral Service Degree**

is a program of study that permits the student to complete a Pre-Funeral Service Liberal Arts Core at another accredited college or university followed by completion of the Funeral Service Division (Quarters 3, 4, 5, and 6) as a resident student of Mid-America College. Successful completion of both non-resident and resident requirements will qualify the student to receive the Bachelor of Science in Funeral Service Degree.

The **Funeral Director & Service Certificate Program**

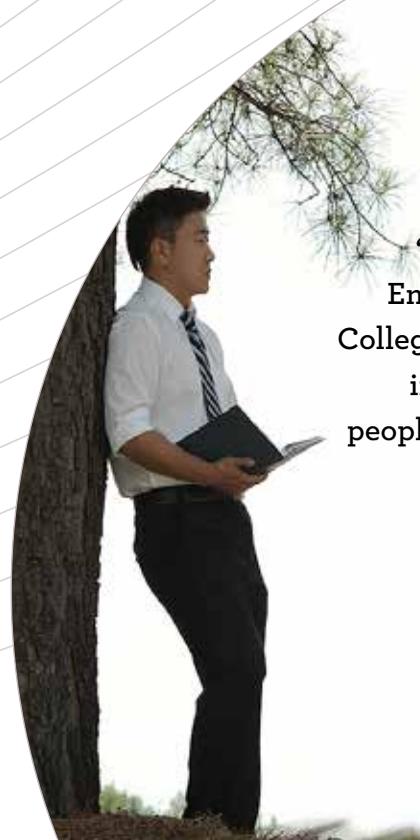

is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education since it does not include instruction in the following areas: embalming and related science courses. Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required. The purpose of the Funeral Director & Service Certificate Program is to give those students desiring a career in funeral service, but who do not want to be embalmers, a program

of study to provide them with the skills necessary to practice as only a funeral director. The program is offered in academic quarters and can be completed on campus in twelve months. Graduates receiving this diploma then have the option of moving into the Associate of Applied Science Degree Program having completed many of the courses.

The Funeral Service Degree Programs and Mid-America College of Funeral Service are accredited by the American Board of Funeral Service Education (ABFSE),

3414 Ashland Ave. Suite G
St. Joseph, MO 64506

The ABFSE is an agency recognized by the United States Department of Education.

**“Our promise is simple.
Enrolling in Mid-America
College will be your first step
into a career that values
people, service and respect.”**

JUMP START YOUR

One of our greatest strengths is our diversity, in both staff and students, across all measures—age, gender, race, economic backgrounds and more. Both recent high school graduates and mid-career adults seeking a new path share our classrooms and collaborate in our labs. Our doors are open to all who seek a new and stimulating journey in their professional lives.

“Our teaching philosophy is designed to encourage collaborative learning. Funeral service requires an openness to sharing and to practicing empathy, selfless support and community.”

FLEXIBLE OPTIONS, MULTIPLE CHOICES

FINANCIAL ASSISTANCE

At Mid-America College, financial assistance in jump-starting your new career is available in many forms.

FINANCIAL AID

Federal assistance through Title IV is one option. The first step is to complete the "Free Application for Federal Student Aid" at www.fafsa.ed.gov. (Mid-America's school code is 010618.) Pell Grants are awards designed to help undergraduates pay for their education after high school. Loans for students — William D. Ford Federal Direct Loans — and for parents — Federal "PLUS" loans — are additional options.

VETERANS

Mid-America College is approved for those who wish to attend and receive benefits under the Veterans Educational Benefits Programs. State rehabilitation and vocational programs also provide funding choices.

SCHOLARSHIPS

A limited number of scholarships are available through a number of different organizations including the American Board of Funeral Service Education. Contact Mid-America College for more information.

TIP

Mid-America College also offers students a Tuition Installment Plan (TIP), allowing the student to finance education over the period of a quarter. The TIP is interest free, making budgeting the cost of your education easier.

CAREER

THE PIERCE COLLEGES EXPERIENCE

HOW TO APPLY

OPEN ENROLLMENT

Programs begin every six months, but application and enrollment can occur at any time during the year....there is no defined enrollment period.

TWO SIMPLE STEPS

Applying couldn't be easier. Simply go to the college website and fill out an application for admission. Follow that by paying the fifty dollar non-refundable application fee and... You're done!

THAT'S IT!

YOU CAN APPLY TODAY

www.mid-america.edu/admissions

YOUR VISION—OUR

Our mission at Mid-America College is two-fold: to prepare you with the skills and knowledge to succeed, and to provide a platform from which you can clearly see your future potential.

THE PIERCE COLLEGE PROMISE

To every student who chooses to enroll and collaborate with our faculty and staff in shaping their future at a Pierce Mortuary College, we make this promise:

- We will enlarge your understanding and knowledge of the funeral service profession;
- We will educate you in every phase of funeral service, and help enable you to become proficient in the skills necessary to succeed in the profession;
- We will prepare you to assume the responsibilities of the funeral service profession to the community at large;
- We will emphasize and insist that you maintain the highest standards of ethical conduct;
- We will provide a curriculum commensurate with post-secondary levels of instruction;
- We will continually encourage both students and faculty to engage in research that elevates the profession and the field of funeral service.

MISSION

“An outstanding education for students pursuing a career in funeral service.”

THE CHOICE IS YOURS MAKE IT COUNT

Located in Jeffersonville, IN, just across the Ohio River from Louisville, KY, Mid-America College provides students with the best of both worlds. Our easy-to-reach campus is conducive to focused learning while the civic and cultural riches of Louisville are just minutes away. Most importantly, our location enables both our faculty and students to stay connected to the funeral industry throughout the region.

On campus, you'll find plenty of study space, labs and library resources. Group classwork in our labs, as well as club activities, ensures that each class of students develops strong peer-to-peer ties.

This emphasis on shared learning and collaborative problem-solving mirrors the realities of being in the funeral service business. So, as you approach graduation, your ability to shape your personal vision of your career is grounded in real-world realities.

“Funeral service is an honored profession that connects you to the fabric of your community.”

MASTERING ART

DISCOVER NEW TALENTS

EXPLORE NEW SKILLS

At Mid-America College you will be challenged in the best sense of the word. You will truly learn to do things you never dreamed of before. You will **UNLOCK** new, creative talents in our Restorative Art Lab. You will work toward becoming a **MASTER** of the scientific processes experienced in our Preparation Room. Along the way, you will also be taught analytical and business skill sets that will enable you to run your own small business one day, if you choose.

Opening yourself up to the world of mortuary arts and sciences is...**EXCITING** on so many levels. You will learn to use many tools, instruments and procedures that are crucial, on a **VERY PERSONAL** level, in helping people cope with the loss of family members and loved ones.

During the course of studies, your self-confidence will soar. Your worldview will expand. New career paths and **CHOICES** will become tantalizingly clear.

Above all, committing yourself to earning a degree or diploma from Mid-America College of Funeral Service will be among the most **REWARDING** experiences in your life.

DISTANCE LEARNING

Do time commitments at work and at home, transportation issues, and other factors make it difficult for you to participate in traditional classroom instruction? Mid-America College offers a number of online classes for those who prefer not to or cannot attend regular classes on campus. Through distance learning, students can create **FLEXIBLE PLANS** to help complete their degree.

Distance learning is a **CONVENIENT METHOD** of earning college credits toward a degree or diploma offered by Mid-America College of Funeral Service. Course content and transferability are identical to classes offered on campus, so students have more **SCHEDULING OPTIONS** and a selection of classes to meet their needs.

Contact Mid-America College to find out if distance learning is right for you!

CROSS NEW THRESHOLDS

EXPLORE THE UNKNOWN

While daunting at first, hands-on laboratory experiences will soon become some of the most fascinating and memorable parts of your Mid-America College education. Our staff of licensed professionals will expertly

guide you through timeless procedures. You will acquire new understandings—both physical and intellectual—about how the human body works and is cared for.

& SCIENCE

At Mid-America College, we will challenge you in the best sense of the word to become more educated and an engaged student...as you become a highly skilled, career professional.

START THE JOURNEY NOW!

BEST IN CLASS

At the heart of every great school are great instructors. Our best-in-class faculty are knowledgeable and passionate about their disciplines, and equally passionate about engaging students in learning both inside and outside the classroom.

LEARN FROM THE PROS

At a Pierce Mortuary College, students are taught by licensed funeral professionals. Along with outstanding education credentials, your instructors will be sharing with you a professional mind-set. From day one, you will have direct access to people who know first-hand what it takes to succeed — in the classroom and in the business.

This “learn-from-the-pros” philosophy is a hallmark of the Pierce Mortuary College experience. Unlike community colleges, our sole focus is funeral service education. You will be surrounded by like-minded students. You will be exposed to reality-based principles and practices. You will participate in group activities and programs that will create new friends for life.

Above all, you will be taught from a curriculum proven to prepare you to join the ranks of the most sought-after graduates in the industry.

MEANINGFUL RELATIONSHIPS

Our instructors enjoy bright and enthusiastic students, outstanding facilities, and shared commitment to best-practice education and application of the most current research in effective teaching and learning. Lifelong learners who are committed to constantly improve their craft, our instructors collaborate closely within and across grade levels and disciplines in order to harness the collective talent of their colleagues while modeling the very behaviors we seek in our students. An advantage of single-purpose institutions is the ability of our faculty to form more meaningful relationships with each student, and to tailor instruction accordingly in order to best capture each student’s unique strengths and promise for improvement.

History of the Institution

Today, Mid-America College of Funeral Service proudly continues to provide a timely learning experience for its students, with a foundation firmly rooted in a century of tradition established by its predecessors-The Kentucky School of Mortuary Science, founded in Louisville, Kentucky in 1895, and the Indiana College of Mortuary Science, founded in Indianapolis, Indiana in 1905.

In 1979, at its former location in Indianapolis, the Board of Trustees of the Indiana College of Mortuary Science authorized a change of institutional name to better reflect the geographical area or region served by the College. In addition, with the expansion of the basic mortuary science curriculum to include greater emphasis in the social sciences and business management, "funeral service", rather than mortuary science, more accurately portrayed the contemporary curriculum offered to all students through the educational programs of the College. In 1980, the "new" Mid-America College of Funeral Service moved to modern facilities in Jeffersonville, within the Louisville, Kentucky metropolitan area, and consolidated with students and faculty of the Kentucky School of Mortuary Science, recently purchased by the College.

Mid-America College of Funeral Service is a member of Pierce Mortuary Colleges, Inc. Other Pierce Mortuary Colleges include the Dallas Institute of Funeral Service, in Dallas, Texas, and Gupton-Jones College of Funeral Service in Atlanta, Georgia. As a result of this joint association, the combined students and faculty of all three colleges share in many advantages that a single college alone could not provide.

The positive growth of Mid-America College of Funeral Service and its programs is evidenced by its continued recognition and accreditation by the American Board of Funeral Service Education. The Associate of Applied Science Degree in Funeral Service, authorized by the Indiana Commission on Proprietary Education, provides evidence of positive direction and efforts by the College to prepare its students to better meet the needs of a more sophisticated consumer public as well as to address changes within a progressive and dynamic profession such as funeral service.

The Board of Trustees, along with faculty and staff, continues to serve the student and the funeral service profession with the same focus of direction and dedication as had been the practice and tradition of both the Kentucky School of Mortuary Science and the Indiana College of Mortuary Science for one hundred years.

MID-AMERICA

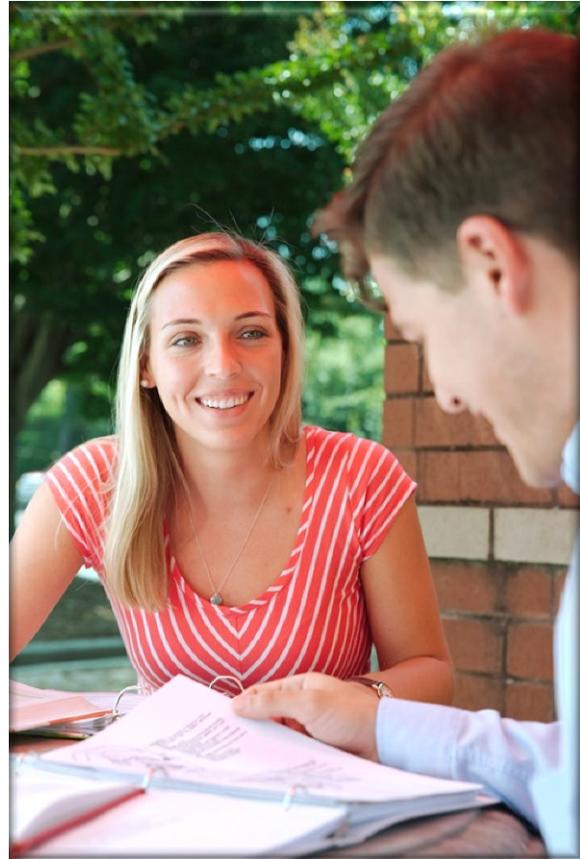

COLLEGE
OF FUNERAL SERVICE
The *Wilbert* Group

Welcome to Southern Indiana...and Louisville, Kentucky

Mid-America College of Funeral Service is located at 3111 Hamburg Pike in Jeffersonville, Indiana – the northeast sector of the greater Louisville, Kentucky metropolitan area including Jefferson County, Kentucky and Clark and Floyd Counties of Southern Indiana. Within a few minutes of the College are new residential developments, numerous churches, shopping centers, apartments, restaurants, golf courses and excellent water sports recreational facilities. Numerous colleges and universities, including the University of Louisville and Indiana University – Southeast provide many community-based educational programs as well as additional opportunities for higher learning for the enterprising student.

Southern Indiana and the Louisville, Kentucky metropolitan area offer a unique living and educational experience for all students who attend Mid-America College of Funeral Service. This region has come to be recognized as the largest industrial hub of the region and a center for culture, recreation, and sports activities. Well known for the Kentucky Derby and Derby Festival Week, Southern Indiana and Louisville are also recognized for: the Louisville Orchestra, Kentucky Center for the Fine Arts, the Old Louisville historical district, Actor's Theater, the Zoological Gardens, and the Planetarium located on the campus of the University of Louisville. A modern skyline, accompanied by new construction and renovation of the downtown business and historical district provides even the casual observer evidence of progressive and innovative growth.

When combined with the area's excellent recreational facilities and opportunities, such as boating on the Ohio River, fishing in many area lakes, enjoying the waterfront parks, golf courses, picnic areas and tennis courts, as well as snow skiing during the winter months at nearby Paoli, Indiana, the student of Mid-America College of Funeral Service will find a learning atmosphere and living environment that will greatly enrich his or her formal funeral service educational experience.

Mission, Aims and Objectives

Mission

The mission of Mid-America College of Funeral Service is to provide a contemporary education for those having chosen funeral service as their life's work so that they can become successful entry-level funeral service practitioners.

Aims

Mid-America College of Funeral Service is a non-profit corporation offering post-secondary education to men and women interested in funeral service as a career. The central aim of the College is to recognize the importance of funeral service education personnel as:

- ❖ members of a human services profession
- ❖ members of the community in which they serve
- ❖ participants in the relationship between bereaved families and those engaged in the funeral service profession
- ❖ professionals knowledgeable of and compliant with federal, state, provincial/territorial, and local regulatory guidelines in the geographic area where they practice
- ❖ professionals sensitive to the responsibility for public health, safety, and welfare in caring for human remains

Objectives

The objectives of Mid-America College of Funeral Service reinforce its mission statement and central aim. To that end, the College will strive to:

- ❖ to enlarge the background and knowledge of students about the funeral service profession
- ❖ to educate students in every phase of funeral service and to help enable them to develop proficiency and skills necessary for the profession
- ❖ to educate students concerning the responsibilities of the funeral service profession to the community at large
- ❖ to emphasize high standards of ethical conduct
- ❖ to provide a curriculum at the post-secondary level of instruction
- ❖ to encourage student and faculty research in the field of funeral service

Mid-America College of Funeral Service

Board of Trustees Members

Mid-America College of Funeral Service is a member of Pierce Mortuary Colleges, Inc. It is a non-profit IRS 501(c) 3 corporation. The Board of Trustees, in its responsibility for Pierce Mortuary Colleges, is committed to the fulfillment of the College's mission and strategic plan. Lauren M. Budrow – President, BA English from Indiana University (Fort Wayne), AS Mortuary Science from Vincennes University, MBA from Butler University, Certificate in New Faculty Success from Seattle University, Certified Celebrant, Certified Funeral Service Practitioner, Licensed Funeral Director/Embalmer in Indiana, IFDA Education Foundation Board Member

Alisa Perkins – Dean of students, BA in Chemistry from Berea College, MS in Chemistry from the University of Louisville, Certified Cremation Arranger and Operator - ICCFA 2015

Gary Bridgewater – Faculty member, BS in Business Administration and History from University of Pikeville, Graduate Kentucky School of Mortuary Science, Kentucky Licensed Embalmer and Funeral Director, Certified Crematory Operator and Cremation Arranger - ICCFA 2014

Lee Gohmann – Faculty member, BA Indiana University (Southeast) Major in History, Minor in Communications, Certificate in Supervision, Graduate Pittsburg Institute of Mortuary Science, Licensed Funeral Director & Embalmer in Indiana and Florida, Licensed Preneed Sales Agent, Certified Cremation Arranger and Crematory Operator, ICCFA 2015

Chuck Lewis – Faculty member, Bachelor's Degree Indiana University (Southeast), BGS. Major: History; Minors: Anthropology and Geosciences, AAS in Funeral Service from Mid-America College, Licensed Funeral Director and Embalmer in Indiana and Kentucky, Certified Crematory Operator and Cremation Arranger – ICCFA 2015, Pursuing a Master's degree at Missouri State University in American Studies

Michael Moeller – Admissions Representative, BS in Criminology & Criminal Justice from Indiana University (Southeast), Certified Cremation Arranger – ICCFA 2016.

Angela Persinger – Office Manager, AAS in Medical Assisting from Brown Mackie College.

Sonja Pierce - Librarian, served 24 years as library assistant at Jeffersonville High School and reading tutor for Greater Clark County Schools for 12 years.

Hours of Operation

Mid-America College of Funeral Service is committed to responsiveness and timely service to our students. Our college is open Monday through Friday from 7:00 a.m. to 4:00 p.m. Eastern Time zone.

In addition, the College is open on a designated weekend just prior to each stated matriculation to assist the incoming student with specialized needs related to their professional training.

Facilities

Building

Mid-America College of Funeral Service operates and maintains a physical facility that appropriately serves the needs of the College's educational programs, support services, and other mission-related activities for the student of funeral service. The classrooms, Restorative Art Lab, library, student lounge, administrative and faculty offices are housed in a modern higher education facility of almost 11,000 square feet. Ample parking is provided on the campus for the convenience of the student body and college visitors.

Teaching Aids

In the instructional areas of the college, the lecture classrooms are equipped with visual aids designed specifically to assist the student during the course of study. LCD projectors are provided in each class room. By preparing complicated study material like diagrams as presentation and projecting using LCD projectors, teachers are able to engage multiple learning styles. The use of better teaching aids allow the students to understand cycles, flowcharts, structures and diagrams, which ultimately increases students visual impact and improves students' focus. Instructors are provided with interactive learning collaboration tools to utilize in their classroom. Each student is provided with cloud MS tools, including unlimited PowerPoint, Word, Excel, Adobe, and Sway. In addition, the Restorative Art Laboratory is fully equipped with casts, molds, waxes, modeling instruments, cosmetics and cosmetic masks, as well as other materials used for instruction in the practice of Restorative Art, including modeling techniques and applied cosmetology. Extensive visual aids are used in this laboratory to assist the student in achieving technical and practical proficiency in this important aspect of their professional training.

Library

The W.H. Pierce Library exists to provide a relevant quality collection of learning resources that will support the educational needs of students and support the instructional programs of Mid-America College of Funeral Service. Cooperatively selected by faculty, students, and the College librarian, these learning resources are designed to help develop the whole student. The library contains a solid core of reference books and other literature directly pertaining to the funeral service profession, including professional periodicals and journals.

Books on literature, business management, restorative art, psychology, ethics, health science, law, history, philosophy, comparative religion and customs, mortuary science, and nature, complement the professional holdings and provide the student of funeral service with a wide variety of choices for study. The library provides adequate and functional facilities in which users can find comfort in studying and exchanging ideas with fellow knowledge seekers. Computers are available in the library for academic searches. Through the College's online Destiny library, students can have access to more than 9 million high-quality MARC records for print materials. The database is continuously updated with new records, allowing students improved search results with the addition of reading and interest levels, subject headings, summary and content notes, and review sources. The system has a federated search tool that allows students to search resources simultaneously with a single search. By presenting a single, familiar interface for searching these data sources, our students will find the information they need quickly and effectively, and usage of valuable research databases. Wi-Fi is available to all students.

The Library is open daily during the normal operating hours of the college for student use and to funeral service practitioners for reference and research.

Student Life and Activities

Class Organization

It is encouraged that each class work together closely as a team. Class officers are elected during the academic year and, with their leadership and faculty guidance, many class functions are planned and enjoyed by the entire student body. Many classes work together to make notable civic and charitable contributions.

Pi Sigma Eta

This fraternity is a nationally chartered professional and social funeral service organization. Admission to membership in the Lambda Kappa Chapter is based on scholastic standing, by invitation, and is subject to the rules and regulations of the Supreme Council.

Field Trips and Guest Lectures

As a valuable supplement to the student's classroom education, class visits to manufacturers of funeral merchandise, crematories and cemeteries in the Jeffersonville-Louisville area acquaint the student with those industries that support the profession itself. Throughout the academic program, guest lectures address the student body on various subjects associated with the profession.

Student Advising and Guidance

Student advising and guidance is an on-going process at the College and is designed to insure that the students mature in all areas and not just scholastic areas alone. A student can expect assistance from any member of the administrative or instructional staff in arranging financial matters, forming good study habits, making social adjustments and resolving academic issues which he or she may be experiencing.

Living Accommodations

Student housing while attending Mid-America College of Funeral Service, is the responsibility of the student. A student should secure personal housing based on rental costs, the availability of public or personal transportation, and the number of members who will occupy the facilities. The College does not maintain resident halls or dormitories, but will assist the student in locating suitable housing in accordance with his or her specialized needs.

Student Employment

Positions are often available in local firms and businesses, some of which are funeral homes. For employment outside of funeral service, the College will assist the student in finding part-time or full-time employment upon his or her enrollment as most positions cannot be reserved prior to the arrival of the student in the general area. Finding suitable student employment is primarily the responsibility of the student and the College cannot guarantee employment for its students.

Students seeking funeral home employment should make such arrangements a minimum of two to three months prior to actual enrollment, as there are many more students than funeral home positions available.

The primary goal of each student should be to successfully complete his or her education. As such, the College recommends that the student pursue studies for a few weeks to determine his or her ability to effectively handle the demands of the academic program prior to seeking employment.

Placement Assistance

The College strives to be a resource for employers and employees. Job opportunities are posted in the community room and electronically through the College's social media. It is not uncommon for funeral homes from neighboring states to recruit new graduates, so those who are the most willing to move will likely have better success in finding placement. The College will assist a student in obtaining suitable employment upon his or her graduation, an alumnus who wishes to find new employment, or a funeral home that needs a new employee. Obtaining suitable employment, however, is the primary responsibility of the graduate. The College cannot guarantee placement following graduation.

Admissions

Admissions Procedures

An application for enrollment into Pierce Mortuary Colleges can be found on the individual college website. Links to these websites can be located at www.pierce.edu or from the college registrar. The application should be completed as far in advance of the actual enrollment date as possible to allow for proper processing of the application. Processing usually takes three to four weeks. All applications and supporting documents should be submitted at least 15 days prior to the enrollment date.

Educational Requirements

Educational requirements are prescribed by statute as well as rules and regulations of the funeral service licensing board of the state in which a student desires to obtain licensure following graduation from Mid-America College of Funeral Service. It is essential that an applicant be familiar with these requirements before enrollment. Licensing criteria vary considerably from state to state so it is strongly recommended that the applicant contact the state licensing board or the Admissions Office to insure compliance in advance of graduation. The minimum requirement for admission in all cases is high school graduation or its equivalent.

Application and Acceptance

The application for matriculation should be filled out completely and returned to the Admissions Office. In addition, the following items are required for admission and acceptance to the College:

- 1) The \$50.00 non-refundable application fee
- 2) A high school transcript certifying graduation or a GED certificate and scores sent directly to the college from the certifier.
- 3) Official transcripts from all other educational institutions previously attended by the applicant should also be sent directly to the college from the certifier.
- 4) A recent photograph for ID purposes only

Transfer Credits

Transfer Credits from ABFSE accredited College of Funeral Service

A student who desires to transfer to Mid-America College from another ABFSE accredited college of funeral service must present an official transcript from that college of

completed work.

Transfer credit may be awarded for courses successfully completed with an earned grade of C or better. In subject areas that are core components of the National Board Examination, the student must demonstrate subject matter competency through proficiency testing before transfer credit can be awarded.

Transfer Credits from other Accredited Colleges or Universities

Transfer credit may be awarded for courses successfully completed with an earned grade of C or better. Official transcripts must be provided in order to verify academic credits earned and should be submitted to the College four weeks in advance of the next quarter's classes. In subject areas that are core components of the National Board Examination, the student must demonstrate subject matter competency through proficiency testing before transfer credit can be awarded.

Students with Disabilities Policy

In accordance with the Americans with Disabilities Act (ADA), Mid-America College is fully committed to providing educational services to all individuals, regardless of disabilities they may have. To accommodate individuals with disabilities, it is the policy of Mid-America Colleges to:

- 1) Administer educational courses in facilities that are accessible to individuals with disabilities or to make alternative arrangements; and
- 2) Make such modifications to its courses and curriculum as are necessary to ensure that the place and manner in which the course is given are accessible to individuals with disabilities; and
- 3) Provide appropriate auxiliary aids and services for persons with impaired sensory, manual or speaking skills.

However, it is provided that Mid-America Colleges will not admit any individuals to its programs or offer modifications and auxiliary aids to such individuals if any of the following conditions apply:

- 1) If the individual poses a direct threat to the health or safety of others, or
- 2) If the modification in the course or the provision of the auxiliary aid or service requested will fundamentally alter the course of study or result in an undue burden to Pierce Mortuary Colleges, or

- 3) If the individual cannot meet the basic eligibility criteria set forth below or elsewhere in the admissions policies and requirements of Pierce Mortuary Colleges.

International Students

At this time, Mid-America College is not SEVIS approved by the Department of Homeland Security to accept international students.

Enrollment

Enrollment for Mid-America College of Funeral Service is considered open enrollment. Open enrollment is a type of unselective and non-competitive college admissions process.

There are two primary registration dates each year; April and October. These dates are published in advance on the College website. A student may enroll at published secondary enrollment dates in either January or July based upon college-level work previously completed.

Registration/Orientation

Registration/Orientation at Pierce Mortuary Colleges for on-campus students occurs on the first day of a new quarter. For entering students, the day will be spent registering for the program, signing important documents, paying tuition and receiving books, speaking with an academic advisor and attending an orientation session covering the student handbook.

Late Registration

Late registration for Pierce Colleges may occur during the first three days of classes. After this point, prospective students will be required to wait until the next available registration date.

Distance Learning

What is Distance Learning?

General education courses at Mid-America College of Funeral Service may be completed through distance learning. These courses are necessary for obtaining the Associate of Applied Science Degree in Funeral Service. Distance learning classes are delivered to the student through the Internet, allowing the student to forego the time he or she would normally spend in the classroom. To be successful in a distance learning course, excellent time

management skills are necessary as distance learning courses still require study time and commitment.

What courses are available through distance learning?

<u>Course #</u>	<u>Course</u>	<u>Credit Hours</u>
ENG 110	English Grammar and Composition	5
ENG 120	Advanced Composition & Business Communication	5
SOC 110	Introduction to Sociology	5
PSY 120	Introduction to Psychology	5
HIS 110	United States History through 1877	5
HIS 120	United States History since 1877	5
MAT 110	Business Mathematics	5
BUS 120	Introduction to Business	5
SCI 111	Fundamentals of Science	4
SCI 122	Introduction to Pathology and Anatomy	4

Only those applicants for the Associate of Applied Science Degree in Funeral Service may take distance learning courses through Mid-America College of Funeral Service. New students enrolling in the in-residence funeral service curriculum, which begins third quarter, must have successfully completed all liberal arts courses required in first and second quarters, either through distance learning, or in-residence at Mid-America, or at a regionally accredited institution. A grade of "C" or higher is required for transfer of credit courses. Distance learning courses are not available for third, fourth, fifth, and sixth quarters which comprise the funeral service curriculum.

How much does distance learning cost?

Distance learning courses cost the same as our on campus courses. Tuition is \$250.00 per quarter hour, not to exceed \$3700.00 per quarter. A one-time \$50.00 non-refundable application fee must accompany the Application for Matriculation. Federal Financial Aid may be available for

distance learning depending on your course load. Please speak with the Financial Aid advisor for details.

Textbooks

E-books are provided to students when they sign up for a distance learning course. If a student prefers a physical copy of the text being used, purchase of that book from the publisher will be at the expense of the student.

What are the grading and testing procedures?

The grade of a student in any course represents all the work of the student in the course, including assignments and examinations, combined in such proportion as the instructor in charge of the course may decide. Course assignments and discussions are completed online. Exams may be completed online. Make-up of incomplete course work will be solely at the discretion of the instructor.

The College maintains complete records of the academic progress of all students. The students will be given access to their grades at the end of each academic quarter.

How do distance learning courses compare to courses on campus?

Each course is the equivalent of the on-campus section of the same course in terms of objectives, content, and transferability between each Pierce Mortuary College. Students must meet stated prerequisites where applicable.

Except at another Pierce Mortuary College, the course curriculum may or may not transfer to another college or university. Determination of transfer credit for distance learning classes at a Pierce Mortuary College and transferred to other colleges or universities is solely at the discretion of that college's administrators.

What is included in a distance learning class?

A Distance Learning Class includes:

- ❖ Lectures, notes, and assignments available online.
- ❖ Interaction with the instructor or other students may include the use of phone calls, fax machines, e-mail, and online message boards.
- ❖ E-book, study guides, and supplemental reading where applicable. Students taking these courses must have a computer, reliable Internet access,

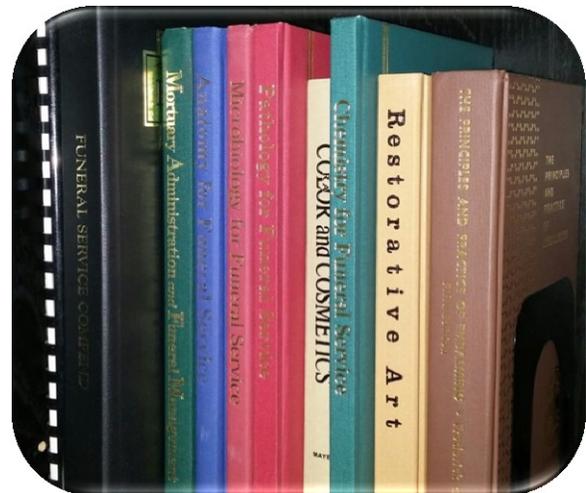

an e-mail account, and be using a current Internet browser.

- ❖ Final exams may require an instructor approved proctor or to be taken on campus.
- ❖ Participation in special activities related to the course, if applicable.

Withdrawal from a distance learning class

A student withdrawing from the College must make a formal declaration of intention to withdraw and must clear oneself in every respect with the College.

Merely discontinuing assignments and examinations does not constitute a formal withdrawal. A student who does not notify the College in writing or e-mail will receive a failing grade for the work taken while enrolled in the distance learning program. Any consideration for tuition refund will be based on the date of formal notification.

Fiduciary Responsibilities

Tuition

How many credits is considered "full-time?"

Full-time is taking a minimum of 12 credits per quarter.

How much does tuition cost per year?

At Mid-America College of Funeral Service, the cost of tuition per year (4 quarters) is **\$14,800.00**.

How much does tuition cost per term?

Tuition for all programs is \$3,700.00 per quarter. Students pursuing less than a full quarter of courses will be charged \$250.00 per quarter hour or \$3,700.00, whichever is less.

Associate of Applied Science in Funeral Service Program (AAS)

How much does the Associate of Applied Science in Funeral Service Program cost if I have my general education courses completed?

If you have earned all the required general education credits at another institution and want to transfer those credits to Mid-America College of Funeral Service, the program cost is **\$14,800.00**.

With general education transferred, you could graduate after four quarters of study.

How much does Associate of Applied Science in Funeral Service Program cost if I want to take general education courses at Mid-America College of Funeral Service?

If do not have general education courses completed, we offer general education within the program. The program cost, including general education, is **\$22,200.00**.

With general education included within the program, you could graduate after six quarters of study.

Certificate in Funeral Directing Service

How much does the Certificate in Funeral Directing Service cost?

If enrolling into the Certificate in Funeral Directing Service, the cost of the program is **\$11,500.00**.

You could graduate after four quarters of study.

NOTE: The Certificate in Funeral Directing Service is not eligible for federal financial aid. This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education. Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required.

Bachelor of Science Degree in Funeral Service

How much does the Bachelor of Science Degree in Funeral Service cost?

If enrolling into the Bachelor of Science Degree in Funeral Service, the cost of the program is **\$14,800.00**.

You could graduate after four quarters of study.

NOTE: See Bachelor of Science Degree in Funeral Service for transfer credit information

Charged Tuition for Courses Approved by the President – Courses Outside of the Scheduled Quarter

If you are taking a scheduled full quarter of courses and an additional course(s) outside of the scheduled courses, you will be charged \$250.00 a quarter hour for each credit of the course(s).

Any course(s) you wish to take outside of the scheduled courses of the quarter; you will need prior approval from the president.

To view scheduled courses per term at Mid-America College of Funeral Service:

AAS - <http://www.mid-america.edu/curriculum/associate-degree>

Fees

Application Fee

A non-refundable Application Fee of \$50.00 must accompany the Application for Matriculation.

Military Servicemember Application Fee Waiver

The admission's application fee is waived for active duty and Individual Ready Reserve (IRR) U.S. military service members, U.S. military veterans who have been honorably discharged from both active duty and IRR. If you are eligible for a waiver, request a Military Application Fee Waiver Form from the Admissions Office

at admissions@mid-america.edu. When completed, scan the form back to the admissions e-mail address. Our Admissions and Financial Aid staff stands ready to assist active duty, IRR, veterans, and military family members.

Textbooks

All textbooks/E-books are provided by the college for students. If your textbooks are lost or stolen, the college can issue a replacement. Students are responsible for replacement cost.

NOTE: Textbooks for General Education courses (ONLY): The general education textbooks shall be returned undamaged. Damage includes written notes, highlighting, pages ripped or excessive damage. If a student drops or withdraws from a general education course, these textbooks still must be returned or the student will be charge the cost of replacement. If your textbooks are lost or stolen, the college can issue a replacement. Students are responsible for replacement cost.

Clinical & Laboratory Supplies

The College provides each student with required clinical and laboratory supplies.

Enrollment Fee, Activity Fee, & Technology Fee

The College does not have an enrollment fee, activity fee, or technology fee.

Graduation & Cap and Gown

There is no fee for graduation and the College provides a cap and gown for each graduate.

National Board Exam (NBE)

The NBE is not required for graduation. National Board Exam Fee for first-time takers will be reimbursed if taken and passed within 60 days of last Comprehensive Exam

Financial Assistance

Scholarships

Mid-America College of Funeral Service accepts scholarships. A limited number of scholarships are available to students of funeral service through a number of different organizations including the American Board of Funeral Service Education. Contact Mid-America College of Funeral Service for more information.

Federal Financial Aid

The Mid-America College of Funeral Service's Office of Financial Aid is available to assist you in navigating the financial aid process and to provide you better understanding of what options and tools are available to assist you in paying for tuition and fees.

We would be happy to assist you and answer any questions or concerns you may have when working through the financial aid process.

Pell Grants

A Federal Pell Grant does not need to be repaid.

Amount and eligibility is based on your:

- 1) Expected Family Contribution (EFC)
- 2) Cost of Attendance (COA)
- 3) Enrollment Status (Full-time, $\frac{3}{4}$ time, half-time, or less than half-time), and
- 4) If you are attending for a full academic year or less

To determine if you are eligible for a Federal Pell Grant, complete your FAFSA at www.fafsa.ed.gov.

For more information on the Federal Pell Grant, go to <https://studentaid.ed.gov/sa/types/grants-scholarships/pell>.

Student Loans

Direct Stafford Loans must be repaid.

Eligibility for Direct Stafford Loans are:

- 1) Submit a valid FAFSA at www.fafsa.ed.gov
- 2) Complete a Stafford Loan Sub/Unsub MPN at www.studentloans.gov
- 3) Complete Direct Stafford Loan Entrance Counseling at www.studentloans.gov
- 4) Enrolled at Mid-America College of Funeral Service at least half-time

Amounts are determined by:

- 1) Dependency Status
- 2) Financial Need
- 3) Grade Level
- 4) Program

For more information on Direct Stafford Loans, go to <https://studentaid.ed.gov/sa/types/loans/subsidized-unsubsidized>.

A Direct Parent PLUS loan is a credit based loan for a parent to borrow for a dependent student.

For more information on the Federal Direct PLUS Loan, go to <https://studentaid.ed.gov/sa/types/loans/plus>.

Veterans' Benefits

Mid-America College of Funeral Service is pleased to participate in Veterans' Affairs Educational Benefit Programs and Military Tuition Assistance Programs.

What benefit am I eligible for?

If you are an eligible active duty member of the military, an eligible dependent, or a veteran of the U.S. military, you may be eligible for Veteran Affairs (VA) Educational Benefits.

VA Educational Benefits include, but are not limited to:

Chapter 30: Montgomery GI Bill – Active Duty

For information on Chapter 30: Montgomery GI Bill Active Duty - http://www.benefits.va.gov/gibill/mgib_ad.asp

Chapter 31: Vocational Rehabilitation and Employment

For information on Chapter 31: Vocational Rehabilitation and Employment - <http://www.benefits.va.gov/vocrehab/index.asp>

Chapter 33: Post-9/11 GI Bill

For information on Chapter 33: Post-9/11 GI Bill - http://www.benefits.va.gov/gibill/post911_gibill.asp

Chapter 35: Survivors' and Dependents' Assistance Program

For information on Chapter 35: Survivors' and Dependents' Assistance Program - <http://www.benefits.va.gov/GIBILL/DEA.asp>

Chapter 1606: Montgomery GI Bill – Selected Reserve

For information on Chapter 1606: Montgomery GI Bill – Selected Reserve - http://www.benefits.va.gov/gibill/mgib_sr.asp

If you are unsure of what you may be eligible for, or unsure what benefit is right for you, try the GI Bill Comparison Tool at <https://www.vets.gov/gi-bill-comparison-tool>.

VA Educational Benefits do not include state sponsored VA grants or scholarships.

How do I apply for my benefits?

To apply for your VA Educational Benefit, you will complete the application through [VONAPP](#). Once completed, the VA will send you a Certificate of Eligibility (COE) for the benefit you have applied for.

Please submit a copy of your COE to the College.

Does Mid-America College of Funeral Service participate in the Yellow Ribbon Program?

Yes, Mid-America College of Funeral Service is a proud participant in the Yellow Ribbon Program. Mid-America College of Funeral Service will pay 50% (percent) of the remaining tuition and fees that Chapter 33: Post-9/11 GI Bill does not cover for a maximum of 100 eligible students. The amount each Yellow Ribbon recipient will receive will vary by tuition cost of degree enrolled in, and any scholarships or grants they may be awarded during their program. Yellow Ribbon will not exceed the tuition charged per term.

For information on the Yellow Ribbon Program: http://www.benefits.va.gov/gibill/yellow_ribbon.asp

State Programs

Applicants desiring to attend Mid-America College under provisions of a state rehabilitation or vocational program must contact their local rehabilitation office directly.

Tuition Installment Plan

Pierce Mortuary Colleges is pleased to offer enrolled students, at the College, a Tuition Installment Plan (TIP). The Tuition Installment Plan is a service to the student, allowing the student to finance education over the period of a quarter throughout their academic year. The TIP is interest free making budgeting the cost of your education easier. Late charges may be added to the student's account if the student misses the deadline of payment dates. If payments are made as scheduled, there will be no additional costs to the student. The payment schedule calculates the balance remaining after guaranteed funding is applied; financial aid funds (such as loans, grants, scholarships, etc.) are recognized as payments toward the payment plan. Any balance remaining after all guaranteed funds have been paid MUST be set up on the installment plan. Only students in good standing and with a zero

balance for the current quarter are eligible to enroll in an installment plan. Students may prepay, without penalty, on their Tuition Installment Plan. Adjustments may be made on future payments.

The payment schedule is based on a division of the quarter's tuition into three installments. If a student will not be receiving any financial aid, the first installment will be due on the first day of classes for that quarter. Those students receiving financial aid (Pell Grant, Direct Loans, and/or FSEOG) or any other guaranteed payments (VA, scholarships, tuition reimbursement, etc.) will be required to pay the balance of direct charges minus all guaranteed funding of the academic year over the, up to, three terms per academic year.

Refunds

Cancellation Policy

A full refund will be made to any student who cancels the enrollment contract within 72 hours (until midnight of the third day excluding Saturdays, Sundays and legal holidays) after the enrollment contract is signed or within the student's first three scheduled class days (does not apply to Seminars).

Refund Policy

1. Refund computations will be based on scheduled course time of class attendance through the last date of attendance. Leaves of absence, suspensions and school holidays will not be counted as part of the scheduled class attendance.
2. The effective date of termination for refund purposes will be the earliest of the following:
 - a. The last day of attendance, if the student is terminated by the school;
 - b. The date of receipt of written notice from the student; or
 - c. Ten school days following the last date of attendance.
3. For students who are paying tuition exclusive of financial aid, the following Indiana Commission on Proprietary Education Refund Policy policies shall be in effect:
 - a. If a student withdrawing from any quarter of instruction, after starting the instructional program at Mid-America College and attending one (1) week or less, is entitled to a refund of

ninety percent (90%) of the cost of quarterly tuition less an administrative fee of \$100.00.

- b. A student withdrawing from any quarter of instruction, after attending more than one week but equal to or less than twenty-five percent of the duration of the quarter, is entitled to a refund of seventy-five percent of the cost of the quarterly tuition less an administrative fee of \$100.00.
 - c. A student withdrawing from any quarter of instruction, after attending more than twenty-five percent but equal to or less than fifty percent of the duration of the quarter, is entitled to a refund of fifty percent of the cost of the quarterly tuition less an administrative fee of \$100.00.
 - d. A student withdrawing from a quarter of instruction, after attending more than fifty percent but equal to or less than sixty percent of the duration of the quarter, is entitled to a refund of forty percent of the cost of quarterly tuition less an administrative fee of \$100.00.
 - e. A student withdrawing from any quarter of instruction, after attending more than sixty percent of the duration of the quarter is not entitled to a refund.
4. The payment of refunds will be totally completed such that the refund instrument has been negotiated or credited into the proper account(s), within 60 days after the effective date of termination.

Refunds will be made within forty-five (45) days following the proper withdrawal of the student. Discontinuing classes does not constitute formal withdrawal.

Refunds of Title IV

A recipient of federal Title IV financial aid who withdraws or is dismissed from school during a term of enrollment in which the student began attendance will have the amount of Title IV funds they did not earn calculated according to federal regulations. This calculation will be based on the student's last date of attendance and the date the school determines that the student has withdrawn from school,

or the date of dismissal for a student who is dismissed by the institution.

The period of time in which Title IV financial aid is earned for a term of enrollment is the number of calendar days the student has been enrolled for the term of enrollment up to the day the student withdrew, divided by the total calendar days in the term of enrollment. The percentage is multiplied by the amount of Title IV financial aid for the term of enrollment for which the Title IV financial aid was awarded to determine the amount of Title IV financial aid earned.

The amount of Title IV financial aid that has not been earned for the term of enrollment, and must be returned, is the complement of the amount earned. The amount of Title IV financial aid earned and the amount of the Title IV financial aid not earned will be calculated based on the amount of Title IV financial aid that was disbursed for the term of enrollment upon which the calculation was based. A student will have earned 100% of the Title IV financial aid disbursed for the term of enrollment if the student withdrew after completing more than 60% of the payment period or period of enrollment.

For Return of Title IV (R2T4) purposes in a term based program, a student is considered to have withdrawn, IF they do not complete all of the days they were scheduled to complete in the term of enrollment. The R2T4 calculation is required for all students who have ceased attendance; other than those on an approved Leave of Absence (LOA), or those who have attested to an expected return to a future module within the same term.

Exception: In order to NOT be considered withdrawn, the school must obtain a written confirmation from the student stating the student's intention of return to a future term or within the same term. The fact that the student is scheduled to attend the next term will NOT be acceptable.

Schools are required to determine Title IV funds that must be refunded based upon the percentage of the term completed prior to withdrawing. Title IV funds must be returned to the program based upon a tuition refund or if the student received an overpayment based upon costs not incurred but for which Title IV was received.

Once the amount of Title IV financial aid not earned has been calculated, federal regulations require that the school return Title IV funds disbursed for the term of

enrollment and used for institutional costs in the following order:

- 1) Loans
 - a. Unsubsidized Federal Direct Stafford Loans
 - b. Subsidized Federal Direct Stafford Loans
 - c. Federal Direct PLUS Loans received on behalf of the student
- 2) Federal Pell Grants
- 3) Federal SEOG
- 4) Other grant or loan assistance authorization by Title IV of the HEA

If the amount of unearned Title IV financial aid disbursed exceeds the amount that is returned by the school, then the student (or parent, if Federal Parent-PLUS Loan) must return or repay, as appropriate, the remaining grant and loan funds. The student (or parent, if a Federal parent-PLUS Loan) will be notified of the amount that must be returned or paid back, as appropriate.

Withdrawal Date

The withdrawal date used to determine when the student is no longer enrolled at the school is the date indicated in written or verbal communication by the student to a school official. If a student does not submit written notification, the school will determine the student's withdrawal date based upon federal regulations and institutional records.

For federal student loan reporting purposes, the student's last date of attendance will be reported as the effective date of withdrawal for both official withdrawals and those who do not complete the official withdrawal process.

Please note that the above policy may result in a reduction in school charges that is less than the amount of Title IV financial aid that must be returned. Therefore, the student may have an outstanding balance due to the school that is greater than that which was owed prior to the withdrawal.

Academic Programs

Associate of Applied Science Degree in Funeral Service

Mid-America College of Funeral Service is authorized to award the Associate of Applied Science Degree in Funeral Service. This program of study is accredited by the appropriate state and national accrediting agencies and permits the student to complete the general education requirements followed by completion of the funeral service division (quarters 3, 4, 5, and 6) as a resident student of Mid-America College. Successful completion of both non-resident and resident requirements will qualify the student to receive the Associate of Applied Science Degree in Funeral Service.

Certificate in Funeral Directing Service

Mid-America College of Funeral Service is also pleased to offer a certificate in funeral directing service. This program of study will include courses where the practitioner will get the most benefit in funeral directing and could also help prepare the student for specific state law licensing examinations in funeral directing. The courses are identical to those completed towards the AAS degree and therefore would be transferable if the student chose to further his/her education.

This academic program is designed to meet specific state or professional needs. It is not accredited by the American Board of Funeral Service Education. Students graduating from this program are not eligible to take the National Board Examination or any state board examination for which graduation from an ABFSE accredited program is required.

Course Descriptions

ENG 110 – English Grammar and Composition (5 Qtr. Credits)

This course provides an overview of the rules of grammar and the fundamentals of writing. The student will begin by studying contemporary college learning. Emphasis will be on usage rather than on grammar per se. Students will write several essays, including descriptive, comparative, definitive, narrative, and cause/effect. How to select a topic and how to write a thesis statement, an introduction, body, and conclusion will be examined. The student will also demonstrate the ability to write both topic and sentence outlines.

ENG 120 – Advanced Composition and Business Communications (5 Qtr. Credits)

This course is designed to refine the writing skills learned by students in English Grammar and Composition and to apply these skills to business situations. Students will learn the communication process and their role in it. They will become familiar with the tools that business writers use when preparing messages. Students will also learn and apply the principles of business communication. Writing with accuracy, clarity, and a positive tone are among the topics covered. Students will also be required to prepare a resume and write a cover letter. In preparation for a research paper, students will review such topics as how to select a subject, how to write an effective thematic, introduction, body and conclusion. Students will also review how to write and utilize an outline. Proper use of APA formats will also be examined.

SOC 110 –Introduction to Sociology (5 Qtr. Credits)

This course is designed to provide a survey of sociology. The course will include a presentation of sociological theories and perspectives, the roots of sociology as an empirical science, sociological research, culture, socialization, social interaction, deviance, and social structure, how socialization happens and social interaction.

PSY 110 –Introduction to Psychology (5 Qtr. Credits)

The student will survey the evolution of psychology and the research methods employed by psychologists. Major psychological perspectives, theories, and theorists will be studied. The course will examine learning processes, human development across the life span, motivation, emotion, personality, social behavior, group processes,

psychological disorders, and psychotherapy. Stress and coping and their relationships to health will be examined.

HIS 110 – United States History through 1877 (5 Qtr. Credits)

This course will survey history from the earliest American civilizations through the period leading up to the American Civil War. The student will become familiar with the various early peoples migrating into North America from Europe, Africa, and Asia. Other topics include American Colonial life, the development of the U. S. Constitution, westward expansion, American Indian relations, slavery, reform movements, the Mexican-American War, and the Antebellum South. The course will also describe the events leading up to and the aftermath of the American Civil War.

HIS 120 – United States History since 1877 (5 Qtr. Credits)

This course will survey history since 1877. The student will become familiar with; Reconstruction and the New South, Industrialization, Urbanization, The Great Depression, World War 2, the “Atomic Age”, and Cold War Era, Civil Rights Movement, Vietnam War and the rise of global terrorism will be addressed.

MAT 110 – Business Mathematics (5 Qtr. Credits)

This course is designed to develop the ability of the student to use general mathematical skills in the business setting. Accounting applications, percentages in business, computation of interest, discounts, commissions, mark-up, and the determination of selling price are examined. Other areas surveyed include business and personal insurance, depreciation, inventory, payroll, and business financial statements. The course concludes with advanced mathematical applications and math in employment tests.

BUS 120 – Introduction to Business (5 Qtr. Credits)

This course of study will introduce the student to American business today. The student will explore the foundations of business, ethics and social responsibilities, global business and the types of business ownership. Human resources, management, and organization procedures will be examined, as well as the impact of marketing and advertising in shaping modern business practices. The student will be introduced to finance and investment, including money and banking, financial management, securities markets, and investments. The course concludes with a study of the business environment with respect to government regulations, introduction to business law, and careers in business.

SCI 111 – Fundamentals of Science (4 Qtr. hours)

This course of study will introduce the student to the fundamentals of science, the scientific method, the chemical basis of life, several chemistry principles, the metric system, and the biology of cells. The student will also examine the principles of energy and its sources and will end the quarter with animal reproduction and development.

SCI 122 – Introduction to Pathology and Anatomy (4 Qtr. hours)

This course of study will introduce the student to the various human organ systems. The student will be introduced to basic anatomical terms, including the anatomical position, directional terms, and gross anatomical regions and planes. The student will briefly survey pathological concepts, including causes and effects of some diseases, and will learn common prefixes and suffixes associated with anatomy and pathology.

BIO 131 – Anatomical Framework and Cardiovascular System (4 Qtr. Credits)

The student of funeral service is exposed to the study of the human body using the Systemic Anatomy approach. The first quarter of study begins with a presentation of basic anatomical vocabulary and organization concepts. The systems of the skin, skeleton, and muscles are examined in detail.

BIO 242 – Study of Body Organ Systems (4 Qtr. Credits)

The study of the structures of the human body continues with a detailed investigation of the circulatory system. This study includes the examination of the heart, blood, arteries, veins, and lymphatic system of an adult. In addition, the circulatory system of a fetus is also examined. The conclusion of the study of funeral service anatomy will focus on the structures and functions of the endocrine, digestive, urinary, respiratory, nervous and reproductive systems of the human body. Prerequisite: BIO 131.

EMB 131 – Embalming Theory (4 Qtr. Credits)

The first quarter of study introduces the student of funeral service to the basic vocabulary utilized by the professional embalmer. The need and purpose of embalming, as well as the responsibilities, conduct, and qualities of the professional embalmer are discussed. The structure of a preparation room and the typical devices and instruments

used will be discussed as well as the presentation of the various historical devices used to inject arterial fluid into the body. In addition, the chemicals that are used in the embalming process are presented. The quarter continues with a study of the governmental agencies and the regulations that govern the embalming of dead human remains. This quarter of the study of embalming examines both the physical and chemical changes, as well as the ante-mortem and post-mortem processes that typically occur in a human being prior to embalming. To complement the student's knowledge of bone structure, muscles and the circulatory system, detailed linear guides, anatomical limits, and anatomical guides used to locate the major blood vessels used in the embalming of a human body are examined. The quarter concludes with the concept of proper embalming analysis. This analysis will be used to prescribe and apply the proper techniques in preparing a human body for funeralization. Various intrinsic and extrinsic factors that influence the embalming analysis will be discussed. A detailed study of the recommended procedures for embalming a normal body is presented, to include the posing of the mouth and eyes. The student is also exposed to the methods by which the strength, volume, and temperature of the arterial fluid is calculated for normal cases as well as emaciated and edematous remains.

EMB 242 and EMB 242L – Embalming Practicum and Embalming Clinicals (4 Qtr. Credits)

The quarter continues with a discussion of the proper manner in which arteries and veins are raised, incised, and ligated to permit the introduction of arterial fluids or the drainage of blood. The discussion will include recommendations regarding injection pressure and rate of flow. The various methods by which arterial fluid is introduced into the body tissues by processes such as distribution, diffusion, osmosis, and dialysis are presented. Recommended procedures for the proper embalming of infants and ship-out cases will be discussed. The student will be exposed to the various methods used for venous drainage, cavity treatment, controlling purge, and the embalming of the autopsied case. Prerequisite: EMB 131

SCI 251 – Restorative Art Theory (4 Qtr. Credits)

In this lecture class, the student of funeral service is introduced to the basic principles of restorative art. Detailed emphasis is placed on those facets of human anatomy that are specifically responsible for physical characteristics common to the countenance of man, including the cranial and facial bones, muscles of facial

expression, and unique facial markings .An examination of basic restorative concepts continues during this quarter of study, with emphasis placed upon the Canon of Beauty and its practical application to restorative procedures, and the proper analysis and interpretation of photographs and portraits. The quarter then focuses on a study of geometric head forms and profile views of importance to the restorative artist. Concluding the quarter, the students will study the principle of color theory and how it relates to cosmetic mediums used.

A laboratory environment is employed during this quarter to introduce the student of funeral service to practical restorative applications and modeling technique. Each facial feature is examined in depth, then carefully reproduced with restorative wax and instruments issued to the student.

SCI 262 and SCI 262L – Restorative Art Practicum and Restorative Art Clinicals (3 Qtr. Credits)

Practical restorative applications form the basis of study during this quarter, with the special attention of the student directed to tissue preparation, restorative waxes and their application, and corrective as well as other non-wax treatments. Application to basic cosmetology is also examined during this quarter. A focus on basic techniques of cosmetic application through lecture and demonstration are an important part of this quarter of study. Specialized treatments, such as hypodermic tissue building, hair restoration, treatment of stains and discolorations, and special cases of significance to the restorative artist are carefully analyzed.

In the laboratory setting, the student of funeral service will continue to perfect his or her skill in wax modeling and restorative techniques through practical applications. With professional cosmetics in the laboratory, the student is introduced to mixing, blending, and the application of cosmetics upon a specially designed cosmetic mask. To conclude the quarter, the student will complete his or her Senior Project resulting in the recreation of a face, from a photograph, with wax and a plastic skull that has been issued. This will include, all techniques learned. Prerequisite: SCI 251

BIO 240 - Microbiology (4 Qtr. Credits)

In examining the importance of microbiology to funeral service practice, the student is introduced to basic vocabulary and concepts involving microorganisms, their structures, and activities necessary for their life. The

relationship of microbiology to funeral service practice is further established by an analysis of infections and disease, and the body's resistance to these. Specific types of microbes and the disease each may cause are also carefully examined.

BIO 230 - Pathology (5 Qtr. Credits)

The student of funeral service will be introduced to the divisions of the field of pathology as well as to the cause and nature of disease. The pathologic conditions associated with the skin, bones and joints, and blood and circulatory system will be examined, as well as the inflammatory, repair, and regenerative processes. The application to funeral service will be emphasized. The study of pathology continues to show its application to funeral service practice by examining the pathologic conditions associated with the digestive, respiratory, urinary, nervous, endocrine, and reproductive systems. A detailed discussion of neoplasms commonly found in the human body will conclude the course.

CHE 251 – Inorganic Chemistry (3 Qtr. Credits)

The student of funeral service begins the study of chemistry with a discussion of general concepts including properties of matter, atoms, elements and the periodic table. An overview of ionic and covalent compounds is followed by an investigation of selected elements and water. Acids, bases and the pH scale are examined. Solution chemistry and its application to mortuary science are explored in detail. This quarter of study concludes with an introduction to organic chemistry and chemical equations.

CHE 262 – Organic Chemistry (3 Qtr. Credits)

The study of chemistry and its application to funeral service practice continues with discussions of organic chemistry and the properties of various types of organic compounds. Chemicals used in embalming, such as formaldehyde, glutaraldehyde, phenol and various humectants are also analyzed. All the covered material is then culminated with an introduction to both biochemistry and embalming chemistry. Prerequisite: CHE 251

PRT 269 – Professional Portfolio (2 Qtr. Credits)

This end of program course is portfolio-based. Students will be asked to create a portfolio that assesses their various experiences within the program, reflects on their own performance during their time in the program, and

give them tools to graduate and find employment within the funeral service profession.

ACC 250 - Accounting (5 Qtr. Credits)

In this course, the student of funeral service is introduced to the basic principles of accounting theory and its application to funeral home operations, with emphasis placed upon contemporary accounting terminology. The use of accounts, journals and ledgers, the mechanics of journalizing and posting, and the preparation of the trial balance and formal financial statements create the central theme of the course. The course concludes with an examination of accrual, modified cash, and cash basis accounting, depreciation and other adjustments, closing entries, accounting for cash, notes and interest, payroll taxes, and the application of modern payroll techniques.

ADM 241 - Funeral Directing (5 Qtr. Credits)

Funeral Directing focuses on the basic duties, responsibilities and expectations of those people practicing funeral service. This includes notification of death, transfer of remains, conduct of the arrangement conference, prefunded/preplanned funerals, religious practices, fraternal funerals and military honors, shipment of remains, cremation, aftercare and regulatory and legislative compliance.

ADM 252 - Funeral Service Merchandising (3 Qtr. Credits)

Funeral Merchandising is designed to introduce the funeral service student to the basics of merchandising as they apply to the funeral profession. Funeral providers as defined by the FTC in 1984 offer both service and merchandise. This course considers both service and merchandise as the products provided by funeral service practitioners. The course is divided into two main sections. The first covers construction and features of caskets, outer burial containers, and other funeral related products. The second section of the course examines methods of purchasing, pricing, display, and sale of funeral merchandise as well as funeral services.

ADM 263 - Funeral Service Marketing and Operations (3 Qtr. Credits)

This course is a survey of the basic principles of Funeral Service Management. Emphasis is on general management technique and theory, employee motivation, hiring and training staff, and specific guidelines for funeral service management.

SBM 130 – Small Business Management (4 Qtr. Credits)

This course of study emphasizes the role and function of the Funeral Director as an effective manager of a small business. Trends and activities of a typical small business, the problems and risks of small business ownership, buying a going concern versus building a new funeral home, as well as the economic contributions that small businesses provide for the economy are carefully examined. The student of funeral service explores the financial aspects of running a small business, including sources of funds, equipment and inventory requirements, advertising, sales promotions, and pricing policies and strategies. Factors involving the use of credit, insurance and risk management, cost analysis, and the recruitment and selection of personnel are also examined.

COM 130 - Communications (4 Qtr. Credits)

This course will introduce the student to the techniques of proper business communications, including written as well as public speaking. Appropriate communication terminology will be examined and the student will become familiar with the different types of letters, resumes and memos, as well as the different modes and types of public speaking and how to prepare for such occasions. The student will examine the ethics associated with communications and the funeral service profession in general. (4 hours lecture–discussion per week)

CAP 269 – Capstone Review (3 Qtr. Credits)

This course reviews all subject areas that have been covered during the funeral service curriculum. This is not only to prepare students for their comprehensive examinations at the end of the quarter, but also to help prepare those students who will go on to take the National Board Examination (NBE). The NBE is the nationally-recognized standard for FSE graduates.

HIS 130 – History of Funeral Service (3 Qtr. Credits)

This survey course deals with the development of the funeral service profession from primitive man to modern times. The ancient civilizations of Egypt, Greece, and Rome are studied and their contributions to funeral service practice are examined. The course concludes with a study of the professional association development in America during the nineteenth and twentieth centuries.

SOC 240 – Cremation and Burial Alternatives (4 Qtr. Credits)

The Burial and Cremation Alternatives curriculum focuses on the various considerations and options that are involved with cremation and disposition modes other than the traditional burial. The cremation portion deals with the proper identification of the deceased, legal authorization, use of third party crematories, required forms, cremation containers, containers for cremated deceased, cremation merchandise, services in conjunction with cremation, arranging for disposition of cremated remains, shipping cremated remains, FTC Compliance, and the history of cremation. Other alternative methods of disposition to be discussed, such as Green Burial, Cryonics, Alkaline Hydrolysis, Eternal Reefs and Space Burial.

PSY 250 –Funeral Service Psychology and Counseling (3 Qtr. Credits)

Topics covered include how funeral directors can facilitate grief coping, and the characteristics of the helping funeral director. Students will examine crisis intervention, aftercare, a funeral director's own grief, and funeral service stress. Also included will be the varying definitions of counselling, the types and styles of counselling, grief counselling, the principles and procedures of counselling, the student will become more familiar with theorists such as Worden, Wolfelt, Rogers, and Stone. Prerequisite: PSY 120

SOC 260 - Sociology of Funeral Service (5 Qtr. Credits)

The student of funeral service is introduced to the study of human behavior as it pertains to the funeral service profession. The language and vocabulary of the sociologist relative to the structure of the family unit are examined. The past, present, and future of the funeral service profession as a care-giving activity are also explored.

Also included in this quarter are the development of ethics, the stages of ethics, and the differences between ethics and law are examined. Individual ethics, ethics in funeral directing, community relationships, ethics with regard to the deceased, ethics within a funeral service operation and ethics with regard to publicity are examined in this course. The course will conclude with a study of ethics with regard to pre-need and post-need care and colleague relationships.

LAW 241 - Business Law (3 Qtr. Credits)

This course of study examines the origins of the law, the functions of the court, civil and criminal actions, and business crimes and torts. Contracts and bailment are also examined. The course concludes by introducing the student of funeral service to personal property, negotiable instruments, real property, agency and employment, bankruptcy, defenses, and wills.

LAW 252 – Mortuary Law and Ethics (3 Qtr. Credits)

The student of funeral service is introduced to the statutory laws that pertain to the funeral service profession. The study of law governing the disposition of a dead human body, the rights, duties, and responsibilities of the funeral service practitioner, and federal laws and regulations pertaining to the funeral service industry are also examined. The course of study concludes with an examination of ethical practices in the funeral service profession.

General Student Policies

Attendance

As future funeral service practitioners, students of a Pierce Mortuary College should realize the importance of attendance at funerals as well as their attendance to all classes while enrolled. Although the colleges recognize the fact that life does go on outside of the classroom, class attendance is a very important to success. An Attendance Record is kept on all students in each class. Students should be continually aware of their attendance and their absences.

The instructor electronically records attendance at the beginning of each class or lab session. The College has measured a direct correlation between class attendance and academic success, and, therefore, provides the following guidelines:

- ❖ When absences reach 10% scheduled hours – Disciplinary Advising
- ❖ When absences reach 13% scheduled hours – Disciplinary Probation
- ❖ When absences reach 15% scheduled hours – Administrative withdrawal from the School

The school will administratively withdraw any student for absenteeism when ten (10) consecutive school days are missed or more than fifteen percent (15%) of the total contact hours in the quarter are missed. A leave of absence will not count towards the 15%, but will reduce the total contact hours accordingly for computation purposes.

Veterans who exceed five (5) days of absence in any calendar month must be reported to the VA Office and will lose their benefits for at least thirty (30) days. Other VA requirements may apply.

The Exemplary Attendance Award is recognition given to any student who has not missed ANY class lecture/lab hours/guest speaker presentations/or field trips during the entire school year.

Online Course Attendance Policy

Just as on-campus students are expected to attend class, Distance Learning students too must regularly participate in their online courses. The Distance Learning website keeps a log of every student's activity and will be monitored on a regular basis for course participation.

As the courses are set up on a weekly schedule, if a student becomes more than one (1) week behind in completing assignments or any of the activities required for a course, that student is subject to withdrawal from the program. Should a student be completely inactive in their courses for ten (10) regular business days, that student is also subject to withdrawal as well.

Withdrawal Policy

Administrative Withdrawal

A student may be dismissed from the college for failure to make satisfactory academic progress, for inappropriate behavior that is detrimental to good order, failing to pay college financial obligations, or for violation of the attendance policy of the college. (Please see the individual sections of the catalog and/or student handbook for guidelines) Administrative dismissal does not relieve the student of the responsibility for all debts, including tuition, fees, and other incidental charges for the full quarter. Any consideration for a refund of tuition will be based upon the last date of attendance and federal/state regulations.

“AW” = An Administrative Withdrawal is a neutral grade used to indicate that a student has been involuntarily withdrawn by the college. An “AW” grade is not used in the grade point average (GPA) calculation, but is counted toward the hours attempted.

Voluntary Withdrawal

Voluntary Withdrawal pertains to the student who wishes to leave the college in GOOD STANDING after registering for classes in any quarter.

Students withdrawing from Pierce Mortuary Colleges for any reason must make a formal declaration of intention to withdraw and must be clear in every respect with the college. Merely discontinuing class attendance does not constitute formal withdrawal. To be considered official, the withdrawal must be in writing and signed by the student requesting withdrawal. Verbal withdrawal is not considered formal withdrawal. The written notice submitted by the student must contain the student's name, address, phone number and a signature. The notice may be faxed, mailed, scanned and emailed or hand delivered to the college. The official date of the withdrawal is the date the written notice is formally received by the college, NOT the postmarked date or the date stated in the notice. Withdrawal from individual courses is not an available option. The sequence of the

courses in each of the programs is designed so that a student must complete a quarter before they may progress to the next. Any consideration for a refund of tuition will be based upon the last date of attendance and federal/state regulations.

A student who does not cancel registration or completely withdraw by the appropriate deadline for the quarter will be awarded a final grade of "F". Complete withdrawal after the published deadline will only be granted due to extraordinary circumstances. The college will administratively withdraw the student who ceases to attend classes and fails to notify the college that he/she is withdrawing. (See Administrative Withdrawal)

"VW" = A voluntary withdrawal is a neutral grade used to indicate that a student has officially withdrawn from the college on or before the published deadline of last day to withdraw. A "VW" grade is not used in the grade point average (GPA) calculation, but is counted toward the hours attempted.

Comprehensive Examinations

End of program examinations are administered at the conclusion of all program coursework. These examinations indicate the proficiency attained by the student in instructional areas of significance in state and national licensing examinations. The results of all comprehensive examinations will be entered on the student's permanent academic transcript.

Graduation

In order to be considered a candidate for graduation from Mid-America College, a student must:

- 1) Attain a cumulative overall academic average of C or better, with no individual course grade of less than D
- 2) Be free of all indebtedness to the College
- 3) For the Associate of Applied Science Degree a student must successfully complete all requirements of the Clinical Embalming program as specified by the College and the American Board of Funeral Service Education and be certified by the Clinical Coordinator of the program as minimally technically competent in entry level embalming practices
- 4) Successfully complete all end-of-program comprehensive testing.

Annual Passage Rate of First-Time Takes on the NBE

Students are not required to take the National Board Examination in order to graduate but the College supports the success of those who choose to take it regardless. The annual passage rate of first-time takers on the NBE for the most recent three-year period for all ABFSE accredited colleges of funeral service is posted on the ABFSE website, www.abfse.org. National Board Examination pass rates, graduation rates, and employment rates for this and other ABFSE-accredited programs are available at www.abfse.org. You may request a printed copy of this program's rates in person at Mid-America College of Funeral Service, Admissions Office, 3111 Hamburg Pike, Jeffersonville, IN 47130; or by email at info@mid-america.edu, or by telephone at 812-288-8878.

National Board Examination

Upon completion of all graduation requirements from the funeral service programs at one of the Pierce Mortuary Colleges, there is generally an expectation that the graduate plans to pursue licensure. Many states have eligibility requirements for licensure that are contingent upon completing and successfully passing the National Board Examination (NBE). Pierce Colleges encourages each graduate to schedule and take the NBE as soon as possible following graduation.

Honoring Graduates for Successfully Passing the NBE

For the graduate who sits for and passes the National Board Examination on the first attempt, Pierce Colleges would like to honor your success! Exam fees will be reimbursed to a graduate who has completed the following:

- A. Sit for the exam within 60 days of your graduation date; AND
- B. Pass both portions of the exam on your first attempt; AND
- C. Submit to your college the results from The International Conference of Funeral Service Examining Boards demonstrating your passing status for both the Arts and Sciences sections.

Grading Methods and Symbols

Grades are given to students at the end of each quarter. Grades are based on the quality of work as reflected on assignments, examinations, and/or class projects. Cumulative grade averages (CGPA) will include only the highest grade for any course subjects that are repeated. The following grading symbols are used to evaluate a student's progress:

Letter Grade	Grade Points	Numeric Grade	Included in Credits Earned	Include in Credits Attempted	Included in CGPA
A	4	97 – 100	Yes	Yes	Yes
A-	3.75	93 – 96	Yes	Yes	Yes
B+	3.5	90 – 92	Yes	Yes	Yes
B	3	87 – 89	Yes	Yes	Yes
B-	2.75	85 – 86	Yes	Yes	Yes
C+	2.5	81 – 84	Yes	Yes	Yes
C	2	75 – 80	Yes	Yes	Yes
D	1	70 – 74	Yes	Yes	Yes
F	0	0 – 69	No	Yes	Yes
Incomplete (I)	n/a	n/a	No	Yes	No
Transfer Credits (TR)	n/a	n/a	Yes	Yes	No
Voluntary Withdrawal (VW)	n/a	n/a	No	Yes	No
Administrative Withdrawal (AW)	n/a	n/a	No	Yes	No

Satisfactory Academic Progress – Academic and Title IV (TIV) Eligibility

All students must maintain satisfactory academic progress (SAP) in order to remain enrolled at the school. Additionally, SAP must be maintained in order to maintain eligibility to receive federal financial assistance. SAP is determined by measuring the student's cumulative grade point average (CGPA) and the student's rate of progress (ROP) toward completion of the academic program at the end of each grading period. Both the CGPA and ROP standards must be met in order to be considered as meeting SAP.

Mid-America College – 6 Quarter Terms – Associate of Applied Science Curriculum

QUARTER	GPA
Quarter 1	1.50
Quarter 2	1.75
Quarter 3	2.00
Quarter 4	2.00
Quarter 5	2.00
Quarter 6	2.00

Credit Hours Attempted and Minimum Cumulative GPA Required for all programs

CREDIT HOURS ATTEMPTED	MINIMUM CUMULATIVE GPA REQUIRED
0 – 25	1.50
26 – 50	1.75
51 +	2.00

Academic Warning

Academic progress will be checked at the end of each term for which the student is enrolled. A student who fails to meet any of the standards will be placed on Title IV warning for one term. During that term, the student will continue to be eligible for Title IV aid.

Academic Probation

At the end of a term during which a student is on Title IV warning, if the student still fails to meet the criteria, they will be placed on academic probation with an academic plan for the term.

A student who becomes ineligible for Title IV at the end of a term during which he/she was on Title IV probation, may appeal the determination. The appeal will be reviewed by a committee which shall be composed of two individuals to be designated by the student's school, and one to be

designated by the Director of Student Financial Aid. The committee shall review the student's progress in light of any extenuating circumstances that may be present, and make a recommendation to the Pierce College Director of Student Financial Aid. The student may be placed on Title IV probation for an additional term if 1) the committee determines that the student should be able to meet the school's satisfactory academic progress standards by the end of the subsequent term, or 2) the school develops an academic plan for the student that, if followed, would ensure that the student is able to meet the school's academic progress standards by a specific point in time.

The student may continue to receive Title IV aid during the probationary term. If the student has not met the academic progress standards or the requirements specified in the academic action plan by the end of the probationary term, he/she will be ineligible for further Title IV aid until such time as he/she meets the standards.

At the end of each term, the administration will notify students who have failed to meet the academic progress requirements as quickly as possible.

Incompletes, Withdrawals, Noncredit Remedial Courses and Transfer Credits

Courses with grades of Incomplete (I) or Withdrawn (VW or AW) will be counted as courses attempted but not completed. Noncredit remedial courses will be counted as neither courses attempted nor completed. Credits transferred from another institution shall be counted as both attempted and completed.

Testing Policies

See the official syllabus for each course to determine the instructor guidelines concerning testing policies. Final exams will not be available for any student who has not completed the required clinical work for the current quarter.

Return from Prior Withdrawal

A student who is readmitted after having withdrawn from the school will be required to have an academic action plan, and will be considered to be on Title IV probation immediately upon reenrollment. Consequently, that student would be ineligible for Title IV aid if he/she does not meet the academic progress standards or academic plan requirements at the end of the next term.

Quarterly Promotion

In order to be promoted from one quarter to the next quarter the student must have met the following requirements:

1. A minimum cumulative GPA to meet the guidelines of the Satisfactory Academic Progress policy with no course grade below 70%.
2. Completion of all required exams, assignments, and clinical work, embalming and/or funeral directing cases. Failure to submit the clinical case reports may result in administrative withdrawal.

Probation & Administrative Withdrawal

Progress will be evaluated at the midpoint of each quarter as well as at the end of each quarter. The school will place a student making unsatisfactory progress for the program at the end of a progress evaluation period on academic probation for the next progress evaluation period. If the student on academic probation achieves satisfactory progress for the subsequent progress evaluation period, but does not achieve the required grades to meet overall satisfactory progress for the program, the student may be continued on academic probation for one more progress evaluation period.

When a student is placed on academic probation, the school will advise the student prior to the student returning to class. The date, action taken, and terms of probation will be clearly indicated in the student's permanent file.

If a student on academic probation fails to achieve satisfactory progress for the next probationary progress evaluation period, the student's enrollment will be administratively withdrawn. The enrollment of a student who fails to achieve overall satisfactory progress for the program at the end of two (2) successive probationary progress evaluation periods will be administratively withdrawn.

The school may allow a student whose enrollment was administratively withdrawn for unsatisfactory progress to re-enroll after a minimum of one (1) quarter.

The school will place a student who returns after his/her enrollment was administratively withdrawn for unsatisfactory progress on academic probation for the next grading period. The school will advise the student of this action and document the student's file accordingly. If the student does not demonstrate satisfactory progress at the end of this probationary period, that student's enrollment will be administratively withdrawn.

A grade of "F" or "I" in any class or a GPA of less than 2.00 is considered academic probation.

Academic Probation Grace Period

If at the end of a quarter, a student has not achieved satisfactory progress as noted above at the end of the second probationary progress evaluation period, the student will be granted a grace period of approximately three weeks. During this grace period, probation exams will be given to provide the student an opportunity to bring the unsatisfactory grades up and therefore raise the student's GPA.

If the student fails to achieve satisfactory progress and remove the academic probation status at this time, the student will be administratively withdrawn.

If a student's cumulative GPA does not meet the requirements for Satisfactory Academic Progress AND the quarterly GPA is below 1.00 at the end of a quarter or a student has failed 50% or more of his/her classes, this grace period will not apply and the student's enrollment will be administratively withdrawn at the end of the quarter.

Auditing Courses

A student who is terminated for academic reasons may remain enrolled by transferring to the class immediately behind their class. The student will be required to audit any courses where a grade of "C" or below was earned previously, however other courses may be audited as well. Upon transfer, the student will be advised by the administration concerning what courses will be audited. The minimum number of hours required to remain enrolled is nine (9).

Once a determination of what courses will be taken is made, the student is expected to participate in the courses as though they had never taken them before. The student is also responsible for adhering to the attendance policy set forth elsewhere in this catalog. In order to remain enrolled in the courses, the student must maintain grades that are equal to or better than they were when the courses were taken previously. If the textbooks have changed since the last time the student took the audited courses, it will be the student's responsibility to purchase the new textbooks in order to properly participate.

Failure to meet any of the above requirements is grounds for administrative withdrawal.

Student Grievance and Appeal Policy and Process

Step 1: Informal Resolution

Before filing a formal written grievance, the grievant must make a good faith effort to confer with the party against whom he or she has a grievance in an effort to resolve the matter informally.

The President/Dean of the college shall confer with the parties and make every reasonable effort to resolve the grievance informally as quickly as possible. Discussions regarding informal resolution are expected to be treated with confidentiality and may not be disclosed or referenced during any subsequent formal proceedings on the grievance. The grievant should normally initiate this informal process within fifteen (15) days of the most recent incident or action leading to the grievance. This meeting should represent an effort to achieve, by informal means, what the grievant regards as a fair and reasonable resolution to the complaint.

The President/Dean may recommend that the grievant drop the grievance because it lacks merit or for other just cause. Such a recommendation, however, shall not be binding on the grievant.

When possible, the College prefers to resolve conflicts informally through discussion or mediation.

Step 2: Mediation

Any student, who has not reached an informal resolution and prefers to avoid escalating the complaint to the status of a formal grievance, may request a mediation session with the President/Dean of the College. Mediation is an informal and confidential process through which the grievant and the accused can participate in search for a fair and workable solution. Mediation requires the consent of both parties and suspends the grievance procedure for up to 30 days from the first day of the most recent incident, and can be extended at the discretion of the President/Dean upon the consent of both parties. Complaints that are addressed through mediation need not be made in writing. A written document, which will remain confidential to both parties, may be produced to memorialize the agreement.

Any student, who chooses not to go through the mediation process after trying to resolve the grievance through the informal resolution stage, will need to file a

final grievance within fifteen (15) days of the abandonment of an attempt at an informal resolution.

Step 3: Filing a Formal Grievance

If an informal resolution or mediation does not occur and the student wishes to make a formal grievance, the student should file a final grievance within fifteen (15) days of the abandonment of attempts at informal resolution or mediation. The student should state in writing that he or she has rejected any offer made during the informal process of resolution (if such was made) and that he or she intends to file a formal grievance. To file a formal grievance, the student must submit a written, signed statement (the "grievance") to the President/Dean of the college within thirty (30) days of the date that the grievant knew, or should have known, of the alleged violation. The grievance must contain the following information:

Submit a written statement to the President/Dean documenting and describing the source of the complaint, its consequences, and the informal efforts at resolution made to date. This statement must also include a description of the remedy sought.

Pierce Mortuary Colleges Formal Grievance

Students have thirty (30) calendar days to file a grievance from the date of the incident that they are grieving, unless the grievance process was extended by the President. The process involves a review and written response from the college's administrator. Review proceeding may involve one or more meetings, depending on how long it takes to collect, present and evaluate the evidence needed to review the grievance. The grievant attends the review/s and, if he or she wishes, may select a faculty member or student to attend the meeting and serve as his or her advocate. The advocate may not pose questions or intervene in the proceedings, but may talk quietly or pass notes to the grievant in a non-disruptive manner. The merits of the grievance are evaluated within the context of College policies, a consensus is reached by a majority vote and, when appropriate, a remedy is recommended. The President then makes the final decision on the issue.

Formal Appeals

If the grievant is not satisfied with this decision, he or she may appeal in writing to the Chief Operating Officer (Chief Operating Officer, Pierce Mortuary Colleges, Inc., 2913 Gardner Road, Broadview, IL 60155). This appeal must be submitted within thirty (30) days of the decision of the

President. Additional appeal materials or presentation from the grievant or administration may be necessary to be made to the Chief Operating Officer of Pierce Mortuary Colleges.

Additional Grievance Policies Available

The Commission for Higher Education is responsible for responding to formal complaints against public, independent non-profit and proprietary institutions of higher education in Indiana. While the Commission has limited authority over colleges and universities, and cannot offer legal advice or initiate civil court cases, Commission staff will review submitted complaints and work with student complainants and institutions.

- ❖ **Discrimination:** If a student believes that an institution has acted in a discriminatory manner, he/she may wish to contact the Indiana Civil Rights Commission (ICRC) using the [ICRC's complaint form](#) or call them at (800) 628-2909.
- ❖ **Financial Aid:** If a student has been denied state of Indiana financial aid, they may file an [appeal](#) or direct any questions to the Student Support Center by calling 1 (888) 528-4719.
- ❖ **Law Violations:** If a student believes that a college or university has violated state or federal law, he/she may wish to contact the [Office of the Indiana Attorney General](#) at (317) 232-6201 or Constituent@atg.in.gov.

After filing a complaint with the Attorney General's Office or ICRC without resolution, the student may still hire an attorney and adjudicate the complaint through the court system.

OTHER COMPLAINTS

Within two years of the incident about which the student is complaining, he/she must contact the Commission for Higher Education using our [complaint form](#)

Please note that the Commission cannot, by law, review complaints related to course grades, academic sanctions or discipline/conduct matters. In other areas, such as transferring credits between public institutions, the Commission has greater statutory authority. Please follow the steps outlined below to submit a complaint:

STEP 1

If a student has concerns related to classroom situations or administrative actions, he/she should contact the faculty or staff member(s) with whom he/she has a conflict. It may be possible to resolve the concerns without the need for formal institutional action. However, if the student's complaint is not resolved satisfactorily, or if the complaint cannot be resolved by contacting the faculty or staff member(s), the student should proceed to STEP 2.

STEP 2

The student should file a complaint through his/her institution of higher education's established complaint process. Information on the process can usually be found in the institution's academic catalog, student handbook or website. If the student is unable to resolve the complaint in this manner, he/she should proceed to STEP 3.

STEP 3

After receiving a complaint through our complaint form, Commission staff will review the submitted materials and contact the submitter for any required additional information or clarifications. The Commission will then send a copy of the complaint to the institution against which the complaint has been filed and ask for a response within three weeks. After receiving the college or university's response, Commission staff will determine whether the institution's student complaint process has been followed and exhausted and what additional steps or follow-up may be taken. The Commission will inform both parties involved in the complaint.

If you have additional questions about the complaint process, or want to clarify that your individual complaint is reviewable by the Commission, please feel free to contact the main office at (317) 464-4400 or complaints@che.in.gov

Mid-America College of Funeral Service Schedule of Events

2016	
1/4	Winter Quarter Begins
1/4	Orientation/Registration - Re-enrollees
1/4	Tuition Due
